Dear Mr. Stokes and Mr. Phillips:

Thank you for contacting Governor Inslee on behalf of the WRIA 8 Salmon Recovery Council to share your priorities for the 2022 legislative session to enhance salmon recovery and watershed health efforts in Puget Sound and throughout the state.

We are working with the Governor to develop his budget requests to the Legislature. I assure you that we will carefully consider your support for these items in our deliberations.

Again, thank you for writing.

Sincerely,
