Population:

- Population estimates by jurisdiction sourced from WA OFM data for 2020.
 - Jurisdictions entirely within a WRIA are assigned the the WA OFM estimate directly.
 - Parcels are allotted to jurisdictions (cities and unincorporated King County) and WRIsAs based on the location of the parcel centerpoint.
- Population estimates are calculated for each parcel using the table generated by KC Assessments named "localscape demographics." This is a newer and more accurate method than the prior method of proportioning by area within census tracts.

How the population calculations are sourced and applied:

Source:https://www5.kingcounty.gov/sdc/Metadata.aspx?Layer=localscape_demographics

Applied:<https://localscape.property/-kingcountyassessor/Overview>

*** Note:**

King County land area excludes the Upper Cedar basin, which is Seattle's protected municipal watershed
City of Kent jurisdiction in WRIA 8 is solely the Kent Watershed and no population is attributed to this area

***Assessed Value based on:**

Snohomish County: Assessed value is based on Snohomish County Assessor's data March 2021, for market land value + market improvements value

King County: Assessed value is based on King County Assessor's data February 2021, land + improvements value

Assessed value and area (sq. miles) excludes the Upper Cedar River subwatershed.
