### 9:30 **Welcome, Introductions, and Round Robin Updates**

All

*Round-table activity*

We will try a twist on our typical introductions and round-robin activity. Please bring any updates you'd like to share with the group.

### 10:20 **Juvenile Chinook Salmon Effectiveness Monitoring of Duwamish Shallow Water Restoration Sites**

Kerry Accola, UW

*Presentation followed by Q&A*

Kerry will present the UW Wetland Ecosystem Team's effectiveness monitoring study of Duwamish restoration projects (Chinook Wind, Riverton Flapgate Removal, and Duwamish River People's Park). They monitored fish assemblages and distributions at each site across shallow water, newly restored interior pocket habitat and adjacent mainstem channel from February through June 2023 using net and acoustic sampling. This study was funded through a WRIA 9 Cooperative Watershed Management (CWM) Monitoring and Research grant.

### 11:10 **Grant Round Update and April Meeting Prep**

Suzanna Smith,  
WRIA 9

*Informal updates and Q&A*

Suzanna will review grant round status and expected timeline for ITC review of the draft 2024 funding package.

### 11:30 **Adjourn**
