

GREEN/DUWAMISH AND CENTRAL PUGET SOUND (WRIA 9) IMPLEMENTATION TECHNICAL COMMITTEE

WRIA 9 Implementation Technical Committee Meeting

August 19, 2026 | 9:30 am – 11:30 am

IN-PERSON at the [Duwamish River Community Hub](#)

[8600 14th Avenue South, Seattle, WA 98108 \(Google Maps link\)](#)

9:30 **Welcome & Introductions**

All

9:40 **Lower Duwamish Waterway Cleanup**

Presentation followed by Q&A

Debra Williston, King County
Wastewater Treatment
Division

The Lower Duwamish Waterway Group – The Boeing Company, City of Seattle, and King County – have worked since 2000 with the US EPA and WA Dept of Ecology to investigate and advance cleanup of contaminated sediments in the Lower Duwamish Waterway. As of April 2026, the upper reach cleanup is about 65% complete.

Debra will give us insight into the cleanup process including the remedial design and cleanup construction elements, provide an overview of the project schedule, and discuss what happens after construction is complete.

Visit the Lower Duwamish Waterway Group's [website to stay up to date on construction news](#) and read more information about the cleanup.

10:50 **Educational Material & Mingling**

All

ITC members will have a chance to chat about the presentation and see outreach educational material developed as part of the Lower Duwamish Waterway Cleanup.

11:30 **Adjourn**
