**NOTES AND DATA SOURCES**

**Population:**

- Population estimates are from state OFM for jurisdictions in one WRIA.
- For jurisdictions in two WRIsAs, population in WRIA 9 is calculated using census tracts. This is more precise than the old approach of estimating population by multiplying the percent of the jurisdiction in WRIA 9 by the state OFM population figures for the jurisdiction.

**Assessed Value:**

- Parcels on WRIA and jurisdiction boundaries are allotted to jurisdictions (cities and unincorporated King County) and WRIsAs based on the location of the centerpoint of the parcels
- Assessed value of parcels owned by Port of Seattle Aviation Division is excluded from the analysis.
- The Assessed Values are from King County Assessor's data

**Area:**

- Acres excludes the Upper Green River subwatershed from King County's area and excludes Port of Seattle Aviation Division properties (airport and residential buyouts) from Burien, Des Moines, and SeaTac shares.

\* Cost share amount is an averaging of the population, assessed value, and area percentage of each jurisdiction within WRIA 9 (% population + % assessed value + % area divided by 3 = Cost Share)
